These are Wallaroo Primary School's  
Core Values

Care

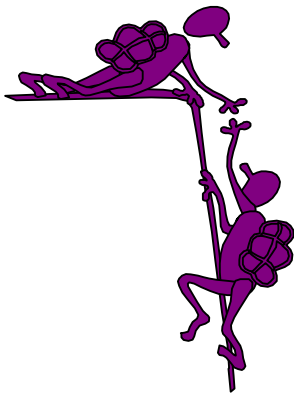

Respect

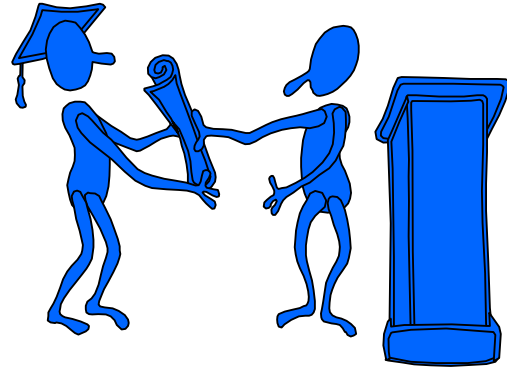

Teamwork

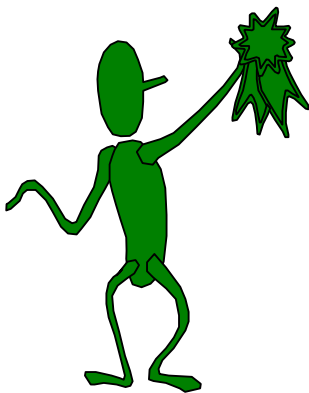

Persistence

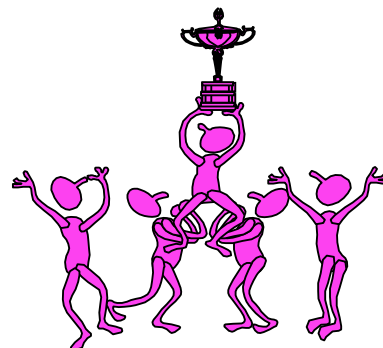

Learning

Pride

Success

After much consultation with parents, staff and students we have developed seven core values that we feel are important to us and our community from the "126 Values Inventory" by Brian Hall and Benjamin Tonna.

Our values are about building character and equipping students with specific life long skills that will strengthen self esteem, optimism & commitment to personal fulfillment.

Our aim is for our students:

⚓ to leave our school with a feeling of PRIDE

⚓ that they have been SUCCESSFUL with their  
LEARNING

⚓ that they RESPECT and CARE for themselves and  
others

⚓ that with TEAMWORK and/or PERSISTENCE they  
can achieve anything.

Children learn about values at an early age. They seek information by asking questions, watching what is going on around them and observing the way people they care about react to certain situations.

Our commitment at Wallaroo Primary School is to reinforce and role model our 7 values in a positive way. As adults our actions are powerful as they communicate our beliefs.

We recognise that parents are regarded as having the most influential role in regards to their child/children's values. At Wallaroo Primary School we understand media, the internet, movies and peers affect the decisions students make.

We encourage all parents and Caregivers at Wallaroo Primary to support the school community with our chosen values.

*"Values are the ideals that give significance to our lives, that are reflected through the priorities we choose, and that we act on consistently and repeatedly"* Brian Hall

1994
